

Beaver Hills Neighborhood

DATA PROFILE

DataHaven

At DataHaven, our mission is to empower people to create thriving communities by collecting and ensuring access to data on well-being, equity, and quality of life. We have served Connecticut since 1992, working with many public and private partners to develop reports and programs that support community action.

DataHaven is a 501(c)3 nonprofit organization and is registered as a Public Charity with the State of Connecticut. Our legal name is Regional Data Cooperative for Greater New Haven Inc.

DataHaven produces one of the most comprehensive neighborhood-level survey datasets in the country through its DataHaven Community Wellbeing Survey. Using probability-based sampling, the survey produces information on lived experiences across every Connecticut community, filling critical gaps left by census and administrative data. DataHaven also publishes timely, accessible data analyses that inform public debate on economic security and the local-level effects of current and proposed policy changes.
